About working at mycar

Our values drive everything we do

At mycar, we're proud industry disruptors driving innovation and sustainability. **With over 1,600 team members** and just under **300 stores nationally**, we're one of the largest automotive service and repair employers and employ the most automotive technicians and apprentices in Australia.

Our mission is to support and empower people to grow their career, and become the industry's best technicians and leaders.

At our core, we are a **people first** organisation! Our national footprint cultivates long-term career growth through our company-owned stores, allowing team members to thrive in a range of roles. We invest in our team through ongoing skill training and exposure to the latest industry specific technology, like the transition to EV, driving safety and performance.

Our vision is simple: to be a **team of auto experts** famous for customer care. Our team show up every day to display our values of **clarity, agility, commitment, quality**, and **care**, ensuring they are the foundation of everything we do.

If you're looking for a new start in your career with company that puts people first, mycar might be the right fit for you.

Enquire about working at mycar

Our **People First** approach starts with our team members.

We're on a journey to support and empower everyone to own their development, so they can grow and become the best team members, technicians and leaders in the industry.

We want mycar to be a launch pad for your future – for your life and your work.

Welcome to mycar.

Who we are:

mycar Tyre & Auto is a leading automotive service company across Australia. We're passionate about helping people explore their future in the automotive industry, whether you're interested in mechanics, customer service, or management.

Why automotive?

The auto industry is evolving fast – from traditional vehicles to electric and hybrid technology. A career in automotive means hands-on experience, job security, and plenty of growth opportunities.

School-Based Apprenticeships.

Transforming your passion into practical skills

Our school-based apprenticeships are designed to help students blend education with real-life experience. An apprenticeship with mycar is more than learning on the job, it's sets the foundations for your future while you're still in school.

How it works:

- Students in Years 11 & 12 can start a part-time apprenticeship while finishing school.
- Start with Work Experience, then progress to SBA once ready.
- Typically 1-2 days per week at mycar while completing training off-the-job.

Benefits:

- Earn while you learn
- Nationally recognised qualifications
- Step straight into a full-time 2nd-year apprenticeship after school
- Gain hands-on skills, confidence, and career clarity

The school-based apprenticeship application process is as follows:

- Successfully complete one week of instore work experience at mycar
- Complete the apprentice application form
- Attend a face-to-face interview with a mycar Operations Manager
- Reference checks undertaken
- A verbal offer discussed and a contract is arranged
- Start your apprenticeship with mycar!

Full-time Apprenticeships.

Shifting ambition into expertise

Our full-time apprenticeships are designed to launch your career from day one. You'll not only receive hands-on experience and training in store, but you'll also have the opportunity to connect with other mycar apprentices along the way. We're here to support your ambition, turn it into expertise and help you thrive in your chosen field. The full-time apprenticeship at mycar offers support and a structured pathway to real skills, diverse experience and you earn while you learn, enabling you to step confidently into your future.

4-year Full Time – earn whilst you learn!	On the job and off the job training and development	Certificate paid for by mycar
Your pathway to becoming a fully qualified automotive Technician (Mechanic)	mycar Tyre & Auto <i>Apprenticeship</i>	A dedicated Apprentice Support Team
Career Pathway Opportunities Nationally	Upon completion, you receive a Certificate III in Light Vehicle Automotive	National RTO Partners

Work Experience

Curiosity creating a career

What it is:

Our one-week block Work Experience Program gives you a taste of life at mycar. You'll rotate between workshop and office experiences, learning the ropes while being fully supervised.

Who can apply:

- Students in Year 10 and above
- Available Australia-wide
- Apply through your school or directly with mycar

Day 1 – Welcome & Safety:

- Meet your team and learn who does what
- Get familiar with the store and workshop layout
- Learn how to find and use Personal Protective Equipment (PPE)
- Understand emergency procedures

Day 2 – Workshop Basics:

- Shadow a mechanic and see how a day in the workshop runs
- Observe safe work practices and get hands-on with simple tasks
- Learn how tools and equipment are used correctly

Day 3 – Office & Customer Insight:

- Spend time with the office team
- Learn how customer service and admin support the workshop
- Understand how appointments, invoicing, and orders work

Day 4 – Applied Workshop Tasks:

- Try simple mechanical tasks under supervision
- Practice safe work habits and follow checklists
- Ask questions and learn tips from experienced mechanics

Day 5 – Apprenticeship Overview & Wrap-Up:

- Discover what it takes to become an Apprentice Mechanic at mycar
- Reflect on your week and what you've learned
- Have your work experience workbook signed off by your Store Manager and Supervisors

Overall Goal:

By the end of the week, you'll have a real understanding of what it's like to be part of the mycar team and the first step toward your future career.

- The school and the name, email and phone number of the VET teacher
- The preferred store of the student
- The dates that the student is looking at for work experience

Apprentice success stories.

Michael Discover the perfect alternative to uni

'If I could give any advice to someone thinking about an apprenticeship at mycar, it's 'do it!'

If you've ever thought about pursuing an apprenticeship, this employee spotlight is set to help you make up your mind.

Michael, a fourth-year apprentice with mycar, has been building his future in the automotive industry for a while now, and has been supported by his uplifting team every step of the way!

Kristel Apprentice to Workshop Controller (21C)

Since swapping her old workplace for mycar, things have never been better. She's learning new things every day, helping others reach their full potential, and she's even been promoted to Workshop Controller. What's more, she's not gatekeeping the secrets to her success; she's dishing out all the insider insights you could possibly ask for!

Edie Thurtell Women at mycar Breaking Barriers

At mycar, we're proud to support and celebrate women in the automotive industry. Our female apprentices are not just participants - they're trailblazers showing that the auto industry is for everyone. One standout example is Edie Thurtell, a mycar apprentice who recently won gold at National WorldSkills in automotive mechanics. With the chance to compete internationally, Edie is proving that skill, dedication, and passion can take you from a local workshop to the global stage. Her journey inspires other young women to explore automotive careers and break barriers in the trades.

We're all about people at mycar,
and we have our mycar&me
program with loads of things you
can take advantage of.
We want you to feel recognised
and rewarded every day.

Why choose mycar?

People First Perks

Through our commitment to our people-first culture, we offer our mycar team a range of competitive benefits designed to make their life that little bit easier! Take advantage of not only a great culture, but revel in our professional development programs designed to help continue to build and grow your career, wellness programs, and a huge range of discounts on the services we provide.

Belonging at mycar

At mycar we value the diverse backgrounds, experiences and contributions that each person brings; what makes you unique, makes us better! No two days are the same; we're dynamic and full of passionate teams challenging new ideas through collaboration. #welovemycarapprentices

In order to grow one of the most recognised leaders in automotive, we need the most interesting and talented people.

Are you one of them? If so, we want to talk to you!
